Re: Burlington Environmental, Pier 91 Facility
EPA Identification Number WAD 00081 2917

Dear Mr. Hotchkiss:

EPA requests that the Port of Seattle, as owner of the Pier 91 property, certify to the accuracy of the enclosed information submitted by Burlington Environmental (formerly Chemical Processors, Inc.) in response to a January 17, 1992 EPA letter (enclosed). EPA's letter, which was courtesy copied to you, required in accordance with 40 CFR 270.14(d) for Burlington Environmental to update their Pier 91 RCRA permit application regarding solid waste activities at this site. Burlington Environmental's response will be an addendum to the Chempro July 5, 1988 "Solid Waste Management Unit Report." The "Solid Waste Management Unit Report" will be part of the Pier 91 administrative record.

To include this information in the Pier 91 RCRA permit application, it is necessary for the Port of Seattle to also certify this information (Burlington Environmental's certification is enclosed) in accordance with 40 CFR 270.11. The certification may use the same language the Port of Seattle used to certify the rest of the Pier 91 RCRA permit application. To help maintain the permit schedule, please submit your certification within 14 days of receipt of this letter to David Croxton, RCRA Permits Section, HW-106, 1200 Sixth Avenue, Seattle, Washington, 98101.

If you have any questions, please contact David Croxton at 555-0500
